COMMITTEES

Under Article 24, March Meeting 1940

Voted unanimously by a voice vote that a committee of eleven (11) be named to consist of the three (3) Selectmen of Cohasset and (8) eight other citizens of the Town to be appointed by the Moderator to determine the disposition of the following real property owned by the Town.

1. The Bates Building property, so-called situated on Elm Street opposite the Osgood School.

2. The Town Home situated on Pond Street.

This Committee to have the power to prepare a plan for the disposal of the properties in any suitable manner and report thereon to the Annual or a Special Town Meeting; in the interim the committee to have the power to dispose of any of the houses or buildings erected on the properties by sale or otherwise.

The eight citizens appointed by the Moderator are as follows:

Mr. William H. McGaw, South Main Street.

Mr. Georg T. Vedeler, Pond Street

Mr. Charles E. Howe, Spring Street

Mr. Thomas L. Grassie, Elm Court

Mr. Henry E. Sweeney, Bow Street

Mr. Ralph E. Scripture, Elm Street

Mr. Hollis T. Gleason, Atlantic Avenue

Mr. Everett W. Gammons, Highland Avenue

Voted, unanimously by a voice vote, (at the 1941 Meeting) that committee be continued and unfinished business recommitted to it.

Under Article 21, March Meeting 1941

Voted, by a voice vote, that the Selectmen are hereby instructed to appoint a committee to investigate fully the matter of Zoning By-Laws and report it's findings and recommendations for consideration and action at the next Annual Meeting.

The Committee Appointed by the Selectmen is as follows:

PAUL BLACKMUR

ARTHUR SOMERVILLE

WILLIAM H. MCGAW

EDWARD A. MULVEY

RALPH H. CAHOUE

RICHARD F. LEONARD

ARTHUR LEHR

RICHARDSON WHITE

Attest:

WILLIAM H. MORRIS,

Town Clerk

TOWN CLERK'S REPORT

Town of Cohasset

REPORT OF THE ANNUAL TOWN MEETING

HELD MARCH 1, 1941

At the Annual Business Meeting held at the Ripley Road School Auditorium at 2 o'clock P. M., the following Articles were contained in the Warrant and acted upon as recorded:

Checkers previously appointed for entrance by the Selectmen and sworn by Town Clerk William H. Morris at 12:55 o'clock P. M., were Nellie E. DeSantos, Albert E. Grassie, Jr., Anna R. Dolan and Henry B. Kennedy.

Tellers appointed by the Moderator and sworn by Town Clerk William H. Morris at 2:27 o'clock P. M., were Henry E. Sweeney, Nelson C. Pratt, Reginald R. Beal and John L. Emery.

The Meeting was opened at 2:28 o'clock P. M., by the Moderator and the Town Clerk proceeded to read the Warrant.

ARTICLE 1. To choose all town officers not required to be elected by ballot.

VOTED: Unanimously, by a voice vote, that the Selectmen be and hereby are authorized and directed to appoint all Town Officers not required to be elected by ballot.

ARTICLE 2. To act upon the reports of the various town officers as printed in the annual report for the year 1940.

VOTED: Unanimously, by a voice vote, that the reports of the various Town Officers as printed in the Annual Report for 1940 be and hereby are accepted.

ARTICLE 3. What sums of money will the town raise and appropriate for operation, salaries and expenses for the following:

VOTED: Unanimously, by a voice vote, that the subdivisions and sections of this Article, excepting only those pertaining to salaries of the Town Clerk and Tax Collector under sections 5 and 9, be considered covered and acted upon in one vote, and that the sum of \$269,205.69 be raised and appropriated; \$10,200.00 for salaries of elected town officers except Town Clerk and Tax Collector to be considered separately later, and \$259,005.69 for salaries, operation, maintenance and expenses of the various departments and for the purposes itemized in subdivisions 1 to 49, inclusive, of this Article as contained in the Warrant and as recommended in the report of the Finance Committee, except as aforesaid, as follows:

ARTICLE 3. Section 5. VOTED: Unanimously, by a voice vote, that the sum of \$1,600.00 be raised and appropriated for the salary of the Collector of Taxes for the ensuing year and the salary be established at this figure.

ARTICLE 3. Section 9. VOTED: Unanimously, by a voice vote, that the sum of \$900.00 be raised and appropriated for the salary of the Town Clerk for the ensuing year and the salary be established at this figure.

At this time the following Resolution was offered and it was unanimously voted to adopt same:

Resolved:

That it is the sentiment of the people of Cohasset assembled at their regular town meeting March 1, 1941, that the state legislature should pass a bill now pending before it authorizing the town of Cohasset to pay J. Lewis Bates a pension equal to one-half of the amount which he received as a yearly salary at the time he became incapacitated to further perform his duties in the fire department.

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1941, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

VOTED: Unanimously, by a voice vote, that the Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the fiscal year beginning January 1, 1941 and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws.

ARTICLE 5. To hear the report of any committee heretofore chosen and act thereon.

VOTED: Unanimously, by a voice vote, to accept the Report of the Building Committee, which was as follows:

REPORT OF THE BUILDING COMMITTEE

Soon after organization of this Committee the Cohasset Home property was leased by the Selectmen to the Federal Government. On account of the lease of this property your Committee was relieved of its most important duty.

ANNUAL REPORT, TOWN OF COHASSET, 1941

Up to the present time there has been no interest shown in the purchasing of the Bates property. This building is now rented as a residence.

Respectfully submitted,

KENDALL T. BATES, Chairman
THOMAS L. GRASSIE, Secretary
DARIUS W. GILBERT
EVERETT W. WHEELWRIGHT
WILLIAM H. McGAW
GEORG T. VEDELER
CHARLES E. HOWE
HENRY E. SWEENEY
RALPH E. SCRIPTURE
HOLLIS T. GLEASON
EVERETT W. GAMMONS

VOTED: Unanimously, by a voice vote, that the Committee be continued and unfinished business recommitted to it.

ARTICLE 6. To see if the Town will vote to appropriate from available cash in the treasury \$20,000.00, or such other sum as it may determine, for the use of the Assessors in fixing the tax rate for the ensuing year.

VOTED: Unanimously, by a voice vote, that the sum of \$20,000.00 be and hereby is appropriated from available cash in the treasury for the use of the assessors in fixing the tax rate for the ensuing year.

ARTICLE 7. Will the Town vote to appropriate the sum of \$762.04, this being the sum received from the County for dog licenses, for Schools, as required by Chapter 140, Section 172 of the General Laws?

VOTED: Unanimously, by a voice vote, that the sum of \$762.04 be and hereby is appropriated from available cash in the treasury, being the unexpended balance of the Dog Fund received from the County for dog licenses, in accordance with Chapter 140, Section 172 of the General Laws to be expended for the support of the Public Schools.

ARTICLE 8. To see if the Town will raise and/or appropriate from Overlay Surplus, or otherwise, the sum of \$6,500.00 for the purposes of a Reserve Fund, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that the sum of \$6,500.00 be and hereby is appropriated from overlay surplus for the purposes of a reserve fund.

ARTICLE 9. To see if the Town will raise and appropriate the sum of \$3,500.00 or such other sufficient sum of money as may be necessary for the purchase and installation of a compressed air siren sound alarm and signal system to replace the present Fire Alarm Bell system, or take any other or further action relative thereto.

VOTED: Unanimously, by a voice vote, that the sum of \$7,000.00 be raised and appropriated for the purchase and installation of a Fire Alarm Signal System Control Board and equipment including necessary rewiring and repairing to replace the equipment and device now in use.

ANNUAL REPORT, TOWN OF COHASSET, 1941

ARTICLE 10. To see if the Town will vote to accept Section 16B of Chapter 147 of the General Laws, which provides that members of the Police Department shall be excused from duty for one day out of every six without loss of pay.

VOTED: Unanimously, by a voice vote, that the provisions of Section 16B of Chapter 147 of the General Laws, which provides that members of the Police Department shall be excused from duty for one day out of every six without loss of pay be and hereby are accepted.

ARTICLE 11. To see if the Town will raise and appropriate the sum of \$9,460.00 for the purchase of materials, supervision, and employment of labor and meeting of necessary expenses in connection with W.P.A. or other Federal Aid Projects and Welfare Projects designed to relieve unemployment from time to time during the ensuing year, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that the sum of \$9,460.00 be raised and appropriated for the purchase of materials, supervision, employment of labor, and meeting of necessary expenses of W. P. A. or other Federal and Welfare Projects to relieve unemployment from time to time during the ensuing year.

At this time it was voted that Articles 12 and 13 be considered and voted upon under one vote.

ARTICLE 12. To see if the Town will raise and appropriate the sum of \$550.00 towards the purchase and equipping of a new cruising car for the Police Department and authorize the sale, turn in, or trade, of the present cruising car in use by the Department in connection therewith and part payment therefor or act on anything relating thereto.

ARTICLE 13. To see if the Town will raise and appropriate the sum of \$750.00 towards the purchase and equipping of a new automobile for the use of the Chief of the Fire Department and authorize the sale, turn in, or trade, of the present car now in use in connection therewith and in part payment therefor, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, to amend the motion made under Articles 12 and 13 to read, "to be purchased from a Cohasset Dealer."

VOTED: Articles 12 and 13, as amended, unanimously in the affirmative by a voice vote.

ARTICLE 14. To see if the Town will raise and appropriate the sum of \$2,766.00 towards the purchase of a new Town ambulance and authorize the sale, turn in, or trade, of the present 1934 Studebaker now in use in connection therewith and in part payment therefor, or take any other or further action relative thereto.

VOTED: Unanimously, by a voice vote, that the sum of \$2,766.00 be raised and appropriated for the purchase of a new Town ambulance and that the sale, turn-in or trade of the present Studebaker ambulance now in use be and is authorized in connection therewith and part payment therefor.

ARTICLE 15. To see if the Town will vote to accept the relocation, alteration and/or layout at the corner of Margin and Elm Streets as made by the Selectmen and shown on file in the Town Clerk's Office; authorize the Selectmen to acquire by eminent domain or otherwise an easement in

ANNUAL REPORT, TOWN OF COHASSET, 1941

such land as is necessary therefor; appropriate a sufficient sum of money for the purchase or taking thereof or take any other or further action relative thereto.

VOTED: Unanimously, by a hand vote, that the Town accept the relocation, alteration and/or layout at the corner of Margin and Elm Streets as relocated, altered and/or laid out February 20, 1941 by the Selectmen and shown on plan on file in the Town Clerk's Office entitled: "Plan Showing Proposed change in Street Lines at the intersection of Margin and Elm Streets, Cohasset, Mass., January 30, 1941, Lewis W. Perkins, Town Engineer"; and the Selectmen be and hereby are authorized to take an easement in such land as is necessary therefor; and further that the sum of \$510.51 be and hereby is raised and appropriated for the taking thereof and for damages awarded in connection therewith.

Yes	202
No	0

ARTICLE 16. To see if the Town will vote to accept the relocation, alteration and/or layout of Pond Street at the intersection of King Street at land of one Robertson as made by the Selectmen and shown on plan on file in the Town Clerk's office: authorize the Selectmen to acquire by eminent domain or otherwise an easement in such land as is necessary therefor; appropriate a sufficient sum of money for the purchase or taking thereof or take any other or further action relative thereto.

VOTED: Unanimously, by a hand vote, that the Town accept the relocation, alteration and/or layout of Pond Street at the intersection of King Street at land of one Robertson as relocated, widened and/or laid out by the Selectmen February 20, 1941 and shown on plan on file in the Town Clerk's office: "Plan of Proposed change in Street Lines at the intersection of Pond & King Streets Cohasset, Mass. June 29, 1940. Lewis W. Perkins, Town Engineer"; and the Selectmen be and hereby are authorized to take an easement in such land as is necessary therefor; and further that the sum of \$1.00 be and hereby is raised and appropriated for the taking thereof and for damages awarded in connection therewith.

ANNUAL REPORT, TOWN OF COHASSET, 1941

ARTICLE 18. To see what action the Town will take with respect to the continuance of the practice of paying to members of the Fire Department, sums equal to the Poll taxes paid by them and will adopt Sections 38, 39, and 40 inclusive, of Chapter 48 of the General Laws or revoke any such adoption which may have heretofore been passed by the Town or act on anything relating thereto.

VOTED: By a voice vote, that the practice of paying the members of the Fire Department sums equal to the poll taxes paid by them be discontinued and any acceptance or adoption of Sections 38, 39, and 40 inclusive of Chapter 48 of the General Laws or similar earlier laws be and hereby are revoked.

ARTICLE 19. To see if the Town will raise and appropriate a sufficient sum of money for the purchase and erection of a flag pole on the Common to replace the present existing pole which is decayed.

VOTED: Unanimously, by a voice vote, that the sum of \$765.00 be raised and appropriated for the purchase and erection of a new flag pole to be placed near the present one.

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$800.00 for the purpose of maintaining during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

VOTED: Unanimously, by a voice vote, that the sum of \$800.00 be raised and appropriated for maintaining, during the ensuing year, the Mosquito Control Works as estimated and certified to by the State Reclamation Board in accordance with Chapter 112, of the Acts of 1931.

ARTICLE 21. Paul Blackmur et al. To see if the Town will instruct the Selectmen to appoint a Committee to investigate fully the matter of Zoning By-Laws and report its findings and recommendations for consideration and action at the next Annual Town Meeting, or take any other or further action relative thereto.

VOTED: By a voice vote, that the Selectmen are hereby instructed to appoint a Committee to investigate fully the matter of Zoning By-Laws and report its findings and recommendations for consideration and action at the next Annual Town Meeting.

ARTICLE 22. Paul Blackmur et al. To see if the Town will raise and appropriate the sum of \$500.00 for the use of the Zoning Committee as outlined under the preceding article or take any other or further action relative thereto.

VOTED: Unanimously, by a voice vote, that the Town raise and appropriate the sum of \$500.00 for the use of the Zoning Committee as outlined under Article 21.

ARTICLE 23. To see if the Town will raise and appropriate the sum of \$3,350.00 for the purchase of two two-ton dump trucks with snow plow attachments and equipment for the use of the Highway Department; or act on anything relating thereto.

VOTED: To amend the motion made under Article 23 to read "to be purchased from a Cohasset Dealer."

A voice vote on the motion was amended being doubted by the Moderator a hand vote was called and same was voted in the negative.

Yes	67
No	88

ANNUAL REPORT, TOWN OF COHASSET, 1941

ARTICLE 24. Elliot Stoddard et al. Will the Town raise and appropriate the sum of Two Hundred and Fifty Dollars (\$250.00) and vote to use School lands to widen the dangerous SOUTHWEST corner of Ripley Road and Sohier Street by excavating and surfacing to a line, between points, fifty (50) feet from the present corner on Ripley Road and Sohier Street? All work and expenditure to be under the direction of the Highway Surveyor.

VOTED: By a voice vote, that it being the sentiment of this meeting the Selectmen be and hereby are requested to relocate, alter, widen and/or lay out the Southwest corner of the intersection of Sohier Street and Ripley Road.

ARTICLE 25. Daniel S. Campbell et al. Will the Town raise and appropriate the sum of \$17.50 for the installation and maintenance of a street light in front of the residence of Daniel S. Campbell, Pond Street, or act on anything relating thereto?

VOTED: Unanimously, by a voice vote, that the sum of \$17.50 be raised and appropriated for the installation and maintenance of a street light on Pond Street near the residence of Daniel S. Campbell.

ARTICLE 26. To see if the Town will raise and appropriate the sum of \$2,200.00 for the purpose of rewiring and installation of new electrical fixtures in the Paul Pratt Memorial Library or take any other or further action relative thereto.

VOTED: Unanimously, by a voice vote, to amend the motion under this Article to read "that this new work be done to the satisfaction of the Wire Inspector."

VOTED: Unanimously, by a voice vote, that the sum of \$2200.00 be raised and appropriated for the purpose of rewiring and installing new electrical fixtures in the Paul Pratt Memorial Library, that this new work be done to the satisfaction of the Wire Inspector.

ARTICLE 27. Hugh F. Strain et al. To see if the Town will vote to accept the provisions of sections 81f to 81j inclusive, of Chapter 41 of the General Laws as amended by Chapter 211 of the acts of 1936.

VOTED: By a hand vote, to accept the provisions of sections 81f to 81j inclusive, of Chapter 41 of the General Laws as amended by Chapter 211 of the acts of 1936.

Yes	76
No	70

Town Clerk.

VITAL STATISTICS

Records of Births, Deaths and Marriages Recorded in 1941

Births

Total number of births recorded was one hundred twelve, of which eighteen were delayed returns and corrections of past years, one hundred eleven being born in Cohasset and twenty-one in other towns. Of the ninety-four in the year 1941 there were fifty-one where the parents were residents of other towns. Of the forty-three whose parents were residents of Cohasset eighteen were females and twenty-five were males.

Marriages

Total number of marriages was sixty-five including those where both parties were non-residents of Cohasset. Thirty-seven marriages were solemnized in Cohasset.

Deaths

Total number of deaths was fifty including residents of Cohasset who died elsewhere and non-residents who died in Cohasset. Of the thirty-six who were residents of Cohasset twenty-three were males and thirteen were females.

The principal causes of death were as follows:

Pulmonary Tuberculosis	1	Carcinoma of Stomach	4
Broncho Pneumonia	4	Myocarditis	3
Anemia	1	Coronary Thrombosis	3
Cerebral Hemorrhage	10	Acute Coronary Occlusion	1
Chronic Nephritis	1	Hypostatic Pneumonia	1
Typhoid Fever	1	Heart Disease*	1
Accidental	4	Lobar Pneumonia	1
Not Stated	1	Carcinoma of Prostate	2
Congested Heart Failure	1	Prematurity	1
Asphyxia	2	Diabetic Gangrene	1
Generalized Arteriosclerosis	1	Intestinal Obstruction	1
Chronic Ulcerative Colitis	1	Acute Rheumatic Fever	1
Acute Cardiac Failure	1	Carcinoma of Uterus	1

PARENTS, BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL

"Parents, within forty days after the birth of a child and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the Clerk of the Town where such child is born."—General Laws, Chapter 46, Section 6.

Many times returns are made by Doctors and Hospitals before a child has been named. Make certain the name is recorded.

SOME OF THE REASONS WHY BIRTHS SHOULD BE RECORDED

To establish identity. To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor law.

To establish the right of inheritance to property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To establish the right to public office.

To prove the age at which the marriage contract may be entered into.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

Selective Service Registration

Notice was received from Headquarters of Selective Service for the Town Clerk to arrange for registration of all males who had become 21 years of age since the registration held October 16, 1940, on July 1, 1941.

The following school teachers served as Assistant Registrars:

Laura A. Leonard

Kathleen McMahon

WILLIAM H. MORRIS,
Town Clerk.

TOWN ACCOUNTANT'S REPORT

For Year Ending December 31, 1941

Cohasset, Mass.

January 23, 1941

To the Honorable Board of Selectmen and to the Citizens of Cohasset:

I herewith present my annual report in accordance with Section 61, of Chapter 41, of the Tercentenary Edition of the General Laws, for the year ending December 31, 1941, showing in detail the appropriation, expenditures and the receipts from each source of income. A recapitulation sheet and balance sheet showing the assets and liabilities, debt accounts, and trust accounts.

In accordance with Section 50 of Chapter 41 of the Tercentenary Edition of the General Laws, I hereby certify that I have verified the Treasurer's cash, three times during the year and reconciled the bank accounts each time, and found them correct.

I have also included detail payroll expenditures of each Department, together with a detail report of the total expenditures of the School Department. I have also checked in detail the securities of the Trust Funds which are in the custody of the Town Treasurer, and find the same to be correct.

MALCOLM H. STEVENS,

Town Accountant.

REPORT OF COHASSET POLICE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for the Police Department of the Town of Cohasset, for the year ending December 31, 1941.

Official Roster of the Department

Chief of Police, Hector J. Pelletier

Sergeant, Earl R. McArthur

ANNUAL REPORT, TOWN OF COHASSET, 1941

Patrolmen

James J. Sullivan
John J. Rooney

Benjamin F. Curley
John H. Winters, Jr.

Thomas B. Kane

Special Officers

John T. Keating
Joseph A. Dion, Jr.
Henry B. Kennedy
John J. Ferreira
Louis J. Simeone
Lot E. Bates, Jr.

Spencer H. Stoughton
Frank E. Jason
Edward B. Mathewson
Ralph S. Enos
Joseph M. Jason
Edwin A. Peterson

Police Physician

Assigned to Ambulance

Robert M. Smith, M.D.

Auxiliary Police

Robert B. James, Captain
Lawrence Petersen, Sergeant

PATROLMEN

Fred W. Sullivan
Bernard Mulcahy
Ernest L. Parker, Jr.
Daniel S. Campbell
Van R. Sidney
Arnold P. Petersen

George Bowser
William G. Bradbury
Harold Brown
A. Frederick Petersen
Milton J. Rogers
Herbert E. Morse

Frank J. Migliaccio

To the Honorable Board of Selectmen and to the People of Cohasset
I want to express my appreciation for the splendid cooperation given me
in the past year.

Respectfully submitted,

HECTOR J. PELLETIER,

Chief of Police.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen.

Gentlemen:

My report as Sealer of Weights and Measures for the year 1941 is as follows:

The various weighing and measuring appliances in the Town have been carefully tested. Three hundred and forty-seven were sealed, seventy-nine were adjusted and four were condemned.

The amounts of \$42.16 as sealing fees and \$25.00 as Transient Vendor fee were collected and paid to the Town Treasurer.

Respectfully submitted,

IRA B. P. STOUGHTON,
Sealer of Weights and Measures.

REPORT OF TREE WARDEN

To the Citizens of Cohasset:

During the past year, the Tree Department has been called on for an extraordinary amount of work in the preservation of the Shade and Ornamental trees within the Town. A complete program of pruning and surgery was completed and the result is apparent in the improved growth and appearance, especially in the ornamental groups.

Several large, dead and seriously decayed trees that were a menace to the public were removed. Many large overhanging limbs were removed wherever even a possibility of a hazard was deemed to exist and calls from interested citizens were investigated and attended to.

Replacement of many trees that have been removed or destroyed over a period of years is desirable. Heretofore, it was not considered expedient to request an amount for this purpose, but if Cohasset highways and smaller parks are to retain their previous well ordered tree grouping, a definite program of replacement is necessary. An amount covering such a program has been included in the budget for this Department.

In closing, I wish to thank the Town Officials and interested Citizens for the helpful suggestions that have contributed to the success of the Tree Department.

Respectfully submitted,

ROSCOE G. PRATT,
Tree Warden.

REPORT OF MOTH SUPERINTENDENT

To the Honorable Board of Selectmen:

Following my appointment as Moth Superintendent, the successful program of insect control of the previous year was continued with intensive creosoting of infested areas and a planned schedule of spraying that started early in June.

The Gypsy Moth continues to be a major problem due to infestation from sections beyond my jurisdiction. Contributing factors, in any well set up program of Moth Control, are the many varieties of boring and sucking insects; these include: Web Worms, fall and spring, Inch Worm, Tent Caterpillar, Leopard Moth, Red Ants and many others that all require different measures of control.

Cephalesporium, the new Elm Wilt, has been attended to wherever found and the Town is practically free of this insidious disease. It is my belief that the overlapping program of spraying planned for this year will effectually control the Elm Beetle that has infested the entire State in recent years.

It has been a pleasure to assist the many interested Citizens in their problems of insect control and it is my hope that this interest will become

ANNUAL REPORT, TOWN OF COHASSET, 1941

apparent when the needs of the Moth Department are considered at the Town Meeting.

In conclusion, I wish to thank your Honorable Board and Cohasset Citizens for the loyal co-operation afforded this Department.

Respectfully submitted,

ROSCOE G. PRATT,
Moth Superintendent.

REPORT OF FOREST WARDEN

To the Citizens of Cohasset:

The lessons taught by grass and woods fires are these and they cannot be emphasized too strongly:

1. Do not throw cigarettes or matches from automobiles.
2. Telephone the Fire Department for permission before undertaking to burn grass or leaves in the open.

Almost everyone is very cooperative but yet 21 people burning leaves, grass or brush last year let the fire get out of control.

Respectfully submitted,

GILBERT S. TOWER,
Forest Warden.

REPORT OF COHASSET FIRE DEPARTMENT

To the Citizens of Cohasset:

We had 185 fires and calls for services in 1941 compared with 103 for 1940. There were 85 grass, brush and woods fires compared with 35 in 1940. In April alone, due to the dryness, 38 grass fires were extinguished.

Promptly in the spring the meadows in the center of the Town were burned so that considerable dry grass hazard was eliminated.

Most of our 30 fires in houses and buildings were extinguished with comparatively small loss or none at all but there were three where the fire had a good start before being discovered and the cases of only partial damage account for most of our fire loss for the year.

During the past year the ladder truck motor was thoroughly overhauled and the rotary pump of Engine 3 taken apart and fixed. All trucks are now in good condition except Engine 2 which will be overhauled in 1942. Our equipment of hose is now up to standard. The new fire alarm switchboard is a great improvement.

The need for an air horn such as was recommended last year is now ever more urgent because our sirens are not satisfactory for air raid signals and also because so many of the call men work out of Town; it is more important that available men should be able to hear the alarm.

Respectfully submitted,

GILBERT S. TOWER, Chief.

ORGANIZATION OF THE FIRE DEPARTMENT

Chief and Forest Warden—Gilbert S. Tower, appointed by Selectmen.

Deputy-Chiefs, Officers and Firemen appointed by the Chief.

First Deputy Chief, Clarence S. Reddy.

Second Deputy Chief, Bartlett Tyler.

Captain Engine 1, Central Station, William F. Burke.

Captain Ladder Co., Central Station, E. Parker Malley.

Captain Engine 2, No. Cohasset, Arthur Clark.

Captain Engine 3, Beechwood, Anthony M. Gonsalves.

Fire Alarm Superintendent—Herbert Williams.

Regular Firemen or Operators:

Lot E. Bates, Charles C. Philbrook, Edward B. Mathewson, C. W. Barron Salvador, Cornelius J. O'Brien, James L. Happenny.

Joseph W. Rosano

James A. Litchfield

Frank S. Wheelwright

REPORT OF HIGHWAY SURVEYOR

January 2, 1942

To the Citizens of Cohasset:

Your Highway Surveyor reports for the year ending December 31, 1941 is much along the routine as indicated in previous annual reports.

Many portions of gravel sidewalks in various sections of the Town were resurfaced with fine crushed stone and tarvia. The embankment of Ripley Road School Lot at junction of Sohier Street and Ripley Road is cut back, thereby eliminating an abrupt turn and assuring more safety for traffic.

North Main Street from Depot Corner to State Highway opposite Sohier Street has been repaired in many places; all resurfaced with a durable top covering known as "Hot Top."

While several hazardous places in our Highways have been eliminated, some remain; these in turn will receive the necessary attention.

I wish to thank the many citizens for their helpful suggestions, also the assurance the same is always welcome. To our Town Officials I express my appreciation for their generous and cooperative assistance.

Respectfully submitted,

WILLIAM T. BARNES

Highway Surveyor

•

REPORT OF HEALTH DEPARTMENT

To the Citizens of Cohasset:

Forty-three children were inoculated at the four Diphtheria Immunization Clinics held last year, this including both pre-school and school children. During the past six years or so, since the inception of the Clinic, more than 525 children have been inoculated as a precaution against this once prevalent and deadly disease.

In addition to this number, many children, because of the immunization campaign, have been treated by their family physicians and it is safe to assume that the majority of the children of the Town have been inoculated for immunization purposes.

Twelve Well-Baby Clinics were conducted last year at the Ripley Road School, under the supervision of the Social Service League, with Dr. Stewart H. Clifford, Boston Child Specialist, in attendance.

The annual Tuberculosis Test Clinic of the Norfolk County Hospital was held at the Osgood School as in the past. There have been no adverse findings reported to this Department.

ANNUAL REPORT, TOWN OF COHASSET, 1941

Dr. William Matteson, School Dentist, due to his enlistment in the U. S. Army, has been granted a leave of absence. The vacancy has been filled by the appointment of Dr. Richard J. Mulcahy of Hingham, one of the four applicants for the position. It might be said in passing that no application was received from any of the local dentists.

Pupils of the Ripley Road School were examined in April and September. It is expected, with the work accomplished to date, that all dental defects will be remedied at the grade school by June. At the Osgood School, other than the football teams, the children were not examined. Considerable dental work has been done, however, through appointments with the co-operation of Miss James, School Nurse.

A detailed report of the work is as follows: Permanent teeth fillings 337, extractions 13, treatments 5, deciduous teeth fillings 61, extractions 57, treatments 8, cleanings 180.

Diseases reported for which necessary measures were observed to safeguard public health were as follows: Chicken Pox 1, Dog Bite (no rabid) 9, Measles 8, Mumps 5, Pulmonary Tuberculosis 1, Whooping Cough 10, Lobar Pneumonia 2, Scarlet Fever 4.

Nineteen milk licenses, including two licenses for pasteurization of milk, were issued during the past year together with two permits for the sale of oleomargarine. Dairies were inspected and samples of milk were collected for analysis at intervals throughout the year.

The extreme dry summer necessitated considerable deodorizing of catch basins throughout the Town. A trap similar to that installed in the catch basin on Main Street was installed in the catch basin in front of the Police Station, thereby eliminating another source of much complaint. Gratings were installed at the inlet of pipes and culverts adjacent to Smith and Pleasant Streets for the purpose of not only preventing debris from obstructing the flow of water but also as a safety measure because of children at play in that vicinity.

Both Cat Dam and Straits Pond, because of the heavy accumulation of algae on the surface of the water, required the usual maintenance as of previous years. The dry spell afforded an opportunity, however, to clean brooks of obstructions such as rocks, brush, etc., and also to restore beds to proper levels.

Respectfully submitted,

NATHANIEL HURWITZ, Chairman
ABRAHAM J. ANTOINE, JR., Secretary
EDWARD E. TOWER

REPORT OF THE PUBLIC HEALTH NURSE

To the Board of Health.

Gentlemen:

The Social Service League Red Cross Nursing Service made 2,874 visits to patients during the year. 45.9% of the visits were made for the town. The visits were distributed as follows:

Newborn	121
Infant	293
Pre-school	276
Tuberculosis	45
Communicable disease	63
Total	935
Welfare visits	214
Old Age Assistance.....	172

Forty-one new infants were enrolled in the Well Baby Clinic during the year. The total enrollment for 1941 was 125 as compared to 106 last year. The total attendance for the year was 280. The average monthly attendance was 23.

Diphtheria clinics were held in May and June. Thirty infants and pre-school children were inoculated. Thirty-three infants and pre-school children were inoculated last year. Our records show that there are 47 families known to us that do not believe in prophylactic inoculations, and that there are 77 children that have not been inoculated against diphtheria.

On January 1, 1942, there were 73 births registered in Cohasset. Of that number 32 of the births were to residents of Cohasset. Twenty-eight of the newborn babies were seen by our Nursing Service.

The prevalence of communicable disease has been at a minimum, and we hope that the ensuing year will be as free from disease. We had a few sporadic cases of scarlet fever and measles early in the year, and this fall many of our pre-school children had whooping cough.

The Nursing Service hopes to render a larger and better health program for the community during the coming year.

Respectfully submitted,

MRS. RUTH HORN,
Public Health Nurse.

W. P. A. ACTIVITIES — 1941

UNDER W.P.A. ACCOUNT

Project		W.P.A. Funds Expended	Town Funds Expended
Beechwood St. Cut-off	Completing work to gravel grade	\$507.38	\$145.42

ANNUAL REPORT, TOWN OF COHASSET, 1941

Moth Suppression	Creosoting Moth Nests....	2,700.82	458.70
Surplus Commodities	Packaging and distribut- ing	1,020.33	195.16
Milliken Field	Construct Grandstand	3,645.80	3,458.58
N.Y.A. Projects	Clerical work at Town Hall	State Project	27.50
Graves Registration	Preparing plans and card indexing all graves of Veterans in local cem- eteries	State Project	42.00
Future Projects	Plans and submittal to W. P. A.	None	4.37
TOTALS		\$10,136.16	\$4,701.29
PERCENTAGE OF TOTAL COST		68.3%	31.7%

All W.P.A. workers, except stock clerk on Surplus Commodities, were transferred to National Defense Work Dec. 16, 1941 on 24-hour notice. Work incomplete at that time and essential to safeguard the property will be completed by town labor.

REPORT OF THE BOARD OF SELECTMEN

Cohasset, Mass.

January 15, 1942.

To the Citizens of Cohasset:

The proposed Federal Plan for dredging Cohasset Harbor was abandoned for the present and an arrangement was made with the State Department of Public Works for the dredging of the channel on a proportionate basis, the cost to the Town being \$5,000.00. We have been assured that if at some future time a Federal Project is authorized the work now being done will fit into the plan.

The hazardous corner at Parker Avenue and Border Street has been eliminated and the grade at the intersection of the two streets has been improved, with the cooperation of the County Engineers. The corner of Ripley Road and Sohier Street has also been improved.

The Davenport property on Cedar Street, acquired by the Town through foreclosure proceedings, based on non-payment of real estate taxes, was sold at public auction, the Town realizing an amount sufficient to be reimbursed for the expense on this property.

A new flag pole has been erected on the Common and after considerable difficulty we were successful in using the base which was installed some years ago. The Crocker family very kindly contributed \$300.00 toward the cost of the new pole and an appropriate article will be in the Warrant for the acceptance of this gift.

A large area in the vicinity of Doane Street and the upper end of Beechwood Street has been taken by the Navy for an extension to the Hingham Naval Base. Although the tract was sizeable we were not seriously effected, from the taxable property point of view, because a considerable portion was held by the Trustees of Public Reservations, which

ANNUAL REPORT, TOWN OF COHASSET, 1941

was tax-exempt. The most serious part of the taking was the upper end of Beechwood Street where we lost several houses and people were forced to abandon homes and property which have been in their families for many years. We sympathize with these families.

During the latter part of the year an effort has been made to provide, as far as possible, some of the fundamental supplies and equipment needed for the protection of civilians in the event of any trouble from enemies of our Country. An Alarm Center has been established in the Town Hall, equipped with phones and signal devices and is manned twenty-four hours a day by volunteers. The response to our call for assistance at this center was very gratifying. The expense of equipping the Town Hall as an emergency center was covered partly by funds which were appropriated last year to paint the outside of the Hall. It is perhaps fortunate that the painting was delayed so that the funds could be used for this purpose. We hope that this procedure has your approval.

As the year has progressed problems have increased for everyone.

We appreciate very much the cooperation and assistance which we have received from all Departments as well as the Town's people.

Respectfully submitted,

KENDALL T. BATES,
DARIUS W. GILBERT,
EVERETT W. WHEELWRIGHT.

REPORT OF THE ASSESSORS

The Assessors of the Town of Cohasset submit their report for 1941:

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Citizens of Cohasset:

Due to increased employment in Defense and other Industrial Work our general relief case load decreased during the year. Aid was administered to 32 cases representing 105 persons as against 61 cases representing 193 persons in 1940.

20 of these cases—total expense by Cohasset.

8 of these cases—total expense reimbursed by the State.

4 of these cases—total expense reimbursed by other cities and towns.

Following is a table of the case load and the number of persons represented in each month of 1940 and 1941 for comparison.

	1940		1941	
	Cases	Persons	Cases	Persons
January	26	86	17	49
February	37	144	20	60
March	39	138	19	47
April	36	114	20	55
May	30	93	14	30
June	19	53	14	20
July	18	55	15	33
August	25	71	15	33
September	17	40	13	29
October	21	52	13	26
November	15	43	11	24
December	20	49	11	24

Eight of the cases active in December were unemployable and three were supplemented as income was insufficient.

Aid to Dependent Children was administered to five families representing nine children from January to August, 1941. One case was closed in August, and four families representing six children were aided for the balance of the year.

Status of cases as follows:

Deserted	1
Widows	2
Man incapacitated	1

Old Age Assistance was granted to 64 cases during the year.

Active cases January 1, 1941	63
New cases opened during the year	6
Cases reopened during the year	1
Cases closed within the year	11
Active cases on December 31, 1941	59
Cases aided during the year	64
5 of cases closed died during the year.	
3 of cases closed moved out of town.	
3 of cases closed became self-supporting.	

ANNUAL REPORT, TOWN OF COHASSET, 1941

Federal Surplus Commodities were distributed at the Guild Hall to the needy. The combined value of food and clothing for the year was \$7,386.11, a large portion of the food being supplied to the Schools under the School Lunch Program.

The District Nurse reports 214 visits made during the year to Public Welfare cases and 172 visits during the year to Old Age Assistance cases. There were 42 trips made to clinics in Boston by the Red Cross Motor Corps.

We wish to thank the Social Service, Red Cross Motor Corps and others for their valuable services rendered in conjunction with this Department.

REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY

The Directors present herewith their Annual Report for the year ending December 31, 1941.

Undoubtedly, the most important occurrence at the Library this year was the installation of a system of fluorescent lighting. As a result of this, the Library now offers lighting practically five times as powerful as before and at no greater monthly cost. In preparation for the new lighting, the entire wiring of the library was brought up to meet modern standards. The Directors feel that the work was necessary, desirable, and satisfactory.

We must also report that in June Miss Holman, our Assistant Librarian, accepted a position of greater responsibility in Hartford, Connecticut. It was our good fortune to find in Miss Dorothy Merrill a very worthy successor.

Detailed reports of the Treasurer and Librarian are appended herewith.

Respectfully submitted,

FREDERICK HINCHLIFFE, President,
REV. FRED V. STANLEY, Treasurer,
DONALD T. GAMMONS, Clerk,
KENDALL T. BATES,
ROLAND D. EARLE,
REV. HARRY C. MESERVE,
REV. ROBERT W. LITTLE.

REPORT OF THE LIBRARIAN OF THE PAUL PRATT MEMORIAL LIBRARY For 1941

To the Board of Directors of the Paul Pratt Memorial Library:

May I at the very beginning of this report express to you my appreciation of your kindly support? Well I know that your desire is to maintain in every way a high standard for the library and I assure you it is my sincere wish to do all I can toward this goal.

Many persons have spoken to me of the excellence of the library and their enjoyment in its books. The Book Committee, in selecting books realize the varied tastes of the readers and try very honestly to provide those which are worthwhile. Suggestions for purchase are welcomed, and while it may not be possible to buy every book, the Committee is glad to consider them, and many are added to the library.

Since 1934, when I was appointed Librarian, I have found it necessary to record in my annual report, at two year intervals, a change in the personnel of the library. When 1940 passed safely by, I hoped it would be some time before I should have to do so again, but last April, Miss Holman, in accepting a call to the West Hartford (Connecticut) Library, has made it again necessary. She left us in May.

My association with the Assistants whom you have selected has always been very pleasant, and I have indeed been sorry to lose each one, even though welcoming her successor. Your choice of Miss Dorothy F. Merrill, who began her duties on July first, has been no exception. Having had training with children, I feel confident that her work with them will be successful. At present she cannot devote herself entirely to them, since there is much of the general work which she has to combine with that for the children. It has been my hope that in the new year, 1942, the Children's Room might be so equipped that its work could be carried on separately, for the work with children is important, and with the splendid books which are now being published, it ought not to be a difficult matter to instill in them a love for reading which will be of great value to them as they grow older.

To do this, the services of a second Assistant, to which the standard set up by the American Library Association (one assistant for every 20,000 books circulated) has entitled us for some years, would be necessary. This may seem impossible to you, with world conditions as they are, but I am one among many Librarians who feel that the Library should be so supported that it may be prepared to give more and better service to those seeking relaxation and relief in these troublous times, through the channels offered by it. Contact with books does help the morale,—if it were otherwise would pleas for books for soldiers and sailors be so frequently made?

After the new lights were installed in the stack rooms the shelves were thoroughly dusted and books were moved to relieve the crowded condition. All magazines in the lowest stack have been sorted and arranged in order so that they may be readily located, but, since the stack is very cold and work, for any length of time, can be done there only during the warmer months, the work is not yet satisfactorily completed. The shelving, built

ANNUAL REPORT, TOWN OF COHASSET, 1941

recently in the attic, fills a need for a place to keep second copies and other books, for which there is no room elsewhere, and already there is but little space remaining.

The annual inventory of books has been made, and while the final checking up has not been completed, enough has been done to show that some books missing in last year's inventory are still missing, which causes us to fear they have really disappeared, although, occasionally a book, long since given up for lost, is returned. When this happens it is always a satisfaction, for at least part of the mystery has been solved.

Occasional requests for books not in our collection have been filled through borrowing from larger libraries, but since there are sometimes restrictions, we cannot always obtain them. We are glad to have had an opportunity of lending a few books to our neighbors, the Hingham Public Library and Tufts Library, Weymouth.

The first exhibit of the year, the work of artists from Hingham, Scituate and Cohasset, held in February, was arranged for by Mrs. H. Nelson Hartstone, under the auspices of the Cohasset Woman's Club. The exhibit held in June during the week of the American Library Association Convention had as inspiration Minot's Ledge Lighthouse and Cohasset's early fishing industry. An interesting collection was made up of photographs, newspaper clippings and pictures, models of both lighthouses, together with other things connected with the light and the town, which were loaned by various individuals. In December Mr. Bela Ormo's oil paintings—portraits, landscapes and still life—attracted considerable attention. Many people have expressed their pleasure in such exhibitions and we should be glad to have others whenever there is the opportunity.

Miss Merrill was given charge of the arrangements for the celebration of Book Week, November 2—8. Children from the Ripley Road School, with their teachers, visited the library and were entertained by Miss Merrill, who gave them plenty of time to look over the new books. For several years one or the other of the florists have helped in our celebration of the week by giving us flowers; we are indebted to Mr. Sestito this year for his beautiful chrysanthemums. We are not always able to show new adult books, but this year we had enough to make a very creditable exhibition.

A Christmas tree and other usual decorations caused a festive atmosphere throughout the library at the holiday season. On the Saturday before Christmas Miss Merrill had her first real story hour, which was well attended. Others are being planned for the coming year.

I have attended the meetings of the Book Review Club as regularly as possible and was a member of two committees at the time of the A. L. A. Convention. Meetings of Library Clubs and of Round Tables have been attended by one or both of the librarians.

Book Stock

The number of volumes added to the library this year total 862; 763 by purchase (7 being replacements); 68 gifts and 31 through binding, subscriptions and otherwise.

Several bound magazines which became defunct some years ago, together with worn out and out-dated books, to the number of 682 have been withdrawn, making a net gain of 180 volumes and a total number in the

ANNUAL REPORT, TOWN OF COHASSET, 1941

library of 25,105 volumes, of which 23,530 are at the Main Library and 1,575 at the Beechwood Branch Library. There are still many books, especially on technical subjects which should be withdrawn and replaced by those more recently published. With our limited shelving space it is not wise to keep valueless books.

Two gifts, to the amount of fifteen dollars, have been made, being given to the Librarian for the purpose of establishing a revolving fund for the purchase of books for a Pay Collection. Both terms "Pay" and "Duplicate Pay" are used in libraries which have these rented collections, but the latter limits books to duplicates only, while the former makes a broader selection possible while it by no means excludes duplicates. We should be glad to receive other gifts for this fund, for with more money we should be able to buy more books. More books would be most acceptable to our public, I am sure, for many find it discouraging when no "new book" is available. While we all may agree that any book is a "new book" until read, the older one does not always take the place of the more recently published volume, when such is desired.

Use of Library

We have been able to open every day (except Sundays and legal holidays) throughout the year, closing Christmas Eve at six o'clock. On 303 days the facilities of the library have been available to all who wished to make use of them. The Beechwood Branch Library has also been open its customary two afternoons and evenings each week.

No actual count has been made of the persons using the Reading Room but on several occasions I have been very much pleased to notice several men, women or young folks industriously reading or studying. This is as it should be!

Many who have come in frequently to borrow books are now engaged in new duties and have added responsibilities in this time of our country's need, while others are knitting and sewing for the soldiers and sailors, so that it is not surprising to find our circulation for the year has dropped; it is less than it has been for the past four years. There is some comfort however, in the knowledge that this condition prevails in many libraries.

There is of course, always more fiction read than any other class, but I feel that the table given below shows not too unfavorable a percentage. In non-fiction biography and travel continue to be most popular, while this year more history than usual has been borrowed, which fact may be easily understood when one realizes how many books on the present war, alone, have been published.

Sometimes we are asked if we are not more busy during the summer months. We answer, there is not much variation. Some, naturally. For instance, for the six months from April through September and in December the circulation was below average, while for the first three months and October and November it was considerably above. The total circulation was 42,545 volumes (38,686 borrowed from the Paul Pratt Memorial Library, whose average circulation per diem was 127, and 3,859 from the Beechwood Branch Library).

Percentages of the 1941 circulation are as follows:

Non-fiction	24.2+%	(Librarian's report for 1906 gives this as 68%)
Fiction	37.6+%	
Juvenile, which includes also Young Adults	29.0 %	
Beechwood Branch Library	9.0 %	

ANNUAL REPORT, TOWN OF COHASSET, 1941

The 1941 registrations number 293; the withdrawals, 289, making a net gain of 4, or a total registration of 1,677, of which approximately 180 are listed at the Branch library. I do not know whether a thorough re-registration has ever been made, but there has not been one for at least eleven years. Since there seems to be more transients than formerly using the library, I would recommend that one be made every three or five years, as is done in most libraries, beginning in 1942. In this way the registration list may be kept in a more active condition and necessary percentages of the use of the library more correctly arrived at.

There are many individuals and business houses to whom we are indebted for books, pamphlets and magazines. We ask them and those whose names are given below to accept sincere thanks for their gifts: Mrs. Abraham J. Antoine, Mrs. Hollis T. Gleason, Miss Helen M. Phillips, Mrs. Percy M. Hendrie, Miss Mary P. Tower, Miss Susan E. Arthur, Miss Mabel E. Bowman, Mrs. John F. Moors, Harold A. Pitman, Dr. Charles W. Merriam, Dr. John L. Bremer, Arthur E. Manheimer, George A. Cowee, Richard S. Thompson, Kenneth D. Ketchum, Dr. Oliver H. Howe, Smithsonian Institution, Commonwealth of Massachusetts, Town of Cohasset, National Home Library Association and G. P. Putnam Sons, who sent with their compliments and Mrs. F. M. (C.) Macgregor's, her book, Twentieth Century Indians.

For the kindly help given me by Miss Holman, Miss Merrill, Mrs. Cooney and the young women who have served during the year and to Mr. Butman, I am most grateful.

CHARLOTTE S. TOWER, Librarian.

Cohasset, December 31, 1941.

REPORT OF HARBOR MASTER

February 3, 1942.

To the Honorable Board of Selectmen,

Cohasset, Mass.

Gentlemen:

As Harbor Master of Cohasset I beg to submit the following report:

During the past year the stone wall around the "Green" at the Harbor has been repaired.

The outside channel has been dredged, as far in as the breakwater.

I wish to convey my sincere thanks to the fishermen and also to the many yachtsmen who use our Harbor facilities for their co-operation and support.

Respectfully submitted,

RALPH C. BURRELL,
Harbor Master.

ANNUAL REPORT OF THE PLANNING BOARD

In March 1941, Mr. Paul Blackmur was elected to the Planning Board for a five year term. The Board for the year was therefore made up as follows:

Paul Blackmur	Term expires 1946
Langford Warren	Term expires 1945
Russell Dean	Term expires 1944
Hugh F. Strain	Term expires 1943
Frank J. Salvador	Term expires 1942

At the first meeting of the Board, held on April 29th, Mr. Paul Blackmur was elected chairman and Mr. Langford Warren secretary to replace Mr. Hugh Strain and Mr. Russell Dean, respectively, who had resigned.

During the year, there were five meetings of the Board held in the Town Hall. In the course of the year the Board considered plans for one proposed subdivision; after a hearing, notice to the abutters, and a thorough investigation of the proposition, the petition was approved and the petitioner so notified. At a meeting of the Board held on May 26th, it was voted, in accordance with the suggested procedure of the State Planning Board, that all future proposals for subdivisions be submitted to the Town Clerk for transmittal to the Secretary of the Planning Board; the Town Clerk was notified to this effect and ten copies of the Board's Applications for Subdivisions sent to him. Copies of the Rules and Regulations are also available at the office of the Town Clerk.

At the last meeting of the Board, the proposed Zoning By-Law and map dated January 28, 1942, as offered by the Zoning Committee, was studied and the Board went on record as giving their hearty approval; the Board believes that a Zoning By-Law is a vital need for Cohasset; that the By-Law as proposed by the Zoning Committee admirably fits our particular problems and urges its adoption by the Town.

Cohasset, Mass., January 9, 1942.

COHASSET PLANNING BOARD

LANGFORD WARREN, *Secretary.*

REPORT OF AN AUDIT OF THE ACCOUNTS OF THE TOWN OF COHASSET

For the Year Ending December 31, 1941

DIRECTOR OF ACCOUNTS

January 27, 1942

To the Board of Selectmen
Mr. Kendall T. Bates, Chairman
Cohasset, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Cohasset for the year ending December 31, 1941, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

TNW:CAB

Director of Accounts.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Cohasset for the year ending December 31, 1941, and report thereon as follows:

The financial transactions as recorded on the books of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined and reconciled with the reports and records in the town accountant's office.

The town accountant's ledger was analyzed. The recorded receipts were checked with the treasurer's cash book, while the payments were compared with the selectmen's warrants. The appropriations and transfers were checked with the town clerk's record of town meeting proceedings and the records of the finance committee, a trial balance was taken off, and a balance sheet, showing the financial condition of the town on December 31, 1941, was prepared and is appended to this report. This balance sheet indicates that the financial condition of the town is excellent.

The books and accounts of the treasurer were checked. The receipts, as recorded, were analyzed and compared with the records of the various departments receiving money for the town or committing bills for collection and with other sources from which money was paid into the town treasury.

ANNUAL REPORT, TOWN OF COHASSET, 1941

The payments were compared with the selectmen's warrants authorizing the treasurer to disburse town funds. The cash book additions were verified and the cash balance on January 8, 1942, was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments on account of maturing debt and interest were examined and compared with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the several trust funds in custody of the town treasurer, the treasurer of the trustees of the Cohasset Free Public Library, and the treasurer of the Paul Pratt Memorial Library, were examined and listed. The cash balances were verified, the income and disbursements were proved, and the transfers to the town were compared with the treasurer's recorded receipts.

The records of tax titles on hand were examined and reconciled with the tax books. The reported redemptions were checked with the treasurer's cash book and were further verified by comparison with the records at the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The tax accounts outstanding according to the previous examination were audited, and all subsequent commitments were compared with the assessors' warrants. The reported payments to the treasurer were checked with the treasurer's cash receipts, the abatements were compared with the assessors' record of abatements, and the outstanding accounts were listed and proved.

The departmental accounts receivable were examined and checked. The accounts outstanding according to the previous examination were audited and the subsequent commitments were proved. The reported payments to the treasurer were verified, the abatements were compared with the records of the departments authorized to grant them, and the outstanding accounts were listed and proved.

Verification of the outstanding tax and departmental accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

The financial accounts of the town clerk were examined for issuance of dog and sporting licenses, the payments to the town being checked with the treasurer's recorded receipts and the payments to the State being compared with receipts on file.

The surety bonds of the various town officials required by law to file them were examined and found to meet the necessary requirements.

The records of permits and licenses issued by the selectmen and the police and health departments, as well as of all other departments receiving money for the town or committing bills for collection were examined and checked, the reported payments to the town treasurer being compared with the treasurer's recorded receipts.

The work of the town accountant, tax collector, and town treasurer has been performed efficiently and accurately, thereby facilitating the work of the audit.

ANNUAL REPORT, TOWN OF COHASSET, 1941

Appended to this report, there are, in addition to the balance sheet previously mentioned, tables showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, and departmental accounts, as well as tables showing the trust fund transactions.

During the progress of the audit, co-operation was extended by the several town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

REPORT OF SUPERINTENDENT OF FIRE ALARM AND WIRE INSPECTOR

To the Honorable Board of Selectmen, the Chief of the Fire Department
and the Citizens of Cohasset:

I take pleasure in submitting my report as Superintendent of the Fire
Alarm and Wire Inspector.

During the past year, the usual careful inspection has been made of
all Electrical work done in the Town.

At the cost of \$7,000.00, a new Signal System Control Board was
installed at the Central Fire Station. This Signal Control Board is auto-
matic, which means that if we should have any broken fire alarm wires
this Board will keep all Fire Alarm Boxes in a workable condition up to
the point of the break in the wire. This new system also is constructed
so if, at any time, it becomes necessary, we can use our lines as a telephone
system to the Central Fire Station from any fire alarm box.

I want to thank the Honorable Board of Selectmen, the Chief of the
Fire Department and the Citizens of Cohasset for their co-operation.

Respectfully submitted,

HERBERT WILLIAMS,
*Inspector of Wires and
Superintendent of Fire Alarm.*

REPORT OF THE COMMITTEE ON BUILDINGS

We are obliged to report that during the year the proposed N.Y.A.
School to be located at the Cohasset Home was discontinued and the lease of
the property cancelled. The property has been offered to the United States
Army but they have not as yet shown any interest. We have had no success
in disposing of any of the buildings.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Cohasset:

Your School Committee believes that the past year has been one of significant progress. New and renovated courses have been added to the curriculum, these include an elementary Engineering Course under the gratuitous direction of Mr. Nathan Bates of the Committee, enlarged classes in mathematics, valuable instruction in the use of the Slide Rule, and the availability of Algebra, Chemistry and Physics to the students in the Commercial Course. A series of eight evening classes in BluePrint Reading, supervised by Mr. Richard C. Thompson, H. E., were satisfactorily completed and the increased interest in the Manual Arts has been extremely gratifying.

As usual, the Committee has devoted much time to the problem of maintenance of the school building. At the Ripley Road School, the continual roof repairs have been expensive and exasperating. The auditorium and adjacent hall-ways were redecorated, and an improperly constructed interior wall was entirely rebuilt and other repairs of a less serious nature attended to. At the Osgood School, all exposed trim and metal were painted, sashes were repaired and new gutters installed. Serious plumbing faults were discovered and remedied and later in the year, corroded steel flues, that had collapsed inside the active chimneys, were removed and replaced. Later still, minor, but expensive, repairs to the sprinkler system were completed. Much remains to be accomplished in the repair program; however, it will be done, as the Committee believes that in the long run it is cheaper to maintain school equipment in good condition.

Replacements in the faculty have been necessary during the year. New teachers were elected upon the recommendation of the Superintendent. Mr. Otis R. Jason, of the teaching staff, has been granted an extended leave of absence, during the course of his military service and Dr. Frederick Hinchliffe continues as School Physician during the absence of Dr. Reid now in the United States Army.

Other matters of important Committee action include, the surrender of The Beechwood School to the Selectmen, a desirable change in the hours at the Ripley Road School, a complete inventory of school equipment filed with the Selectmen, a fixed program of Fire Drills, and the adoption in the near future, of a definite School Health Policy and rules governing the use of the Ripley Road School Auditorium.

Early in December the treacherous Japanese attack at Pearl Harbor forced our nation into war. Shortly thereafter came our first Air-Raid

warning that showed the deplorable lack of defense organization, authority and information for the conduct of school protection, fortunately, our Chief of Police assumed command and by his orders averted what might have been a school disaster. The Committee immediately met in an emergency session and adopted a temporary program of complete evacuation of both schools. In later meetings and after conferences with Town Officials and Defense experts, a majority of the Committee voted to adopt the following Air-Raid Program: (1) in the event of a Raid, the children in the Osgood School will be evacuated in groups to nearby homes and cellars. (2) the children in the Ripley Road School will be retained in an Air-Raid Shelter to be constructed in the basement of the school.

As a result of this decision, specifications for construction of the shelter have been drawn, bids have been solicited and an Article requesting \$2,500 for this purpose will appear in the Warrant for the Town Meeting.

The Committee is indebted to the Social Service League for many valuable suggestions and to the P. T. A. for an interesting program and close co-operation with the School Department. The Committee is especially grateful for the first annual scholarship awarded by the Cohasset Women's Club. This fine, generous, community project will afford advanced learning for deserving students in our schools.

We wish to thank the school officials, teachers and employees for their untiring efforts and loyal co-operation with the Committee.

Respectfully submitted,

THE COHASSET SCHOOL COMMITTEE.

MINORITY COMMITTEE REPORT

To the Citizens of Cohasset:

I am not in accord with the majority decision of the School Committee to retain the school children in the Ripley Road School Building during an Air-Raid.

ELLIOT STODDARD.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Cohasset:

Below is a very brief review of changes that have been made in the curriculum of the schools of Cohasset during the past few years. These changes represent an effort to meet the needs of the present day, and a conformance with broadened educational theories.

The new Gates-Huber-Pearson system of reading instruction has been adopted in the elementary schools, and is now in operation in the first, second, and third grades. Each year it is extended one grade further. Both teachers and children seem enthusiastic over the stimulating material offered in this reading course.

ANNUAL REPORT, TOWN OF COHASSET, 1941

The special class for children three years or more retarded was discontinued, and in its place a class in remedial reading was established. Thirty-five to forty children who have experienced reading difficulties have been given additional attention each year by the teacher of this class. The teacher is a girl who has had specialized training for this type of teaching.

Physical Education classes, which were given over in the interest of economy in 1933, have been re-established under Miss Florence Ayers, a graduate of Sargent School.

The High School Curriculum has been enriched by the addition of courses in Economics, Sociology, and Problems of American Democracy. The English work has been divided into eight groups, making possible much greater adjustments here to the needs of people not planning to enter college. Two new classes in beginners' typing were opened, in order that every pupil in high school, regardless of his course, might acquire the ability to type.

Mr. Nathan Bates gives his time on three days a week to instruct classes in elementary production mechanics. This class has been very successful. The instruction is good, and equipment is gradually being added in the form of one and two-cycle motors, and, of course, all the necessary tools. Two courses in elementary Algebra are offered this year to all boys who wish to take it.

A dark room for photography, and a broadcasting studio have been built by the pupils.

A Guidance Clinic has been set up under the direction of Mr. Burditt Collins, who has prepared for this work by making it a major field for his Master's degree in the Boston University Graduate School. The purpose of this clinic is to aid pupils in orienting themselves, both educationally and vocationally, and to give direction and advice to them as to proper preparation for further education or college matriculation.

During the previous year, our teachers have taken professional courses in a variety of subjects connected with their classroom work. The many tasks related to defense which teachers must assume will see a reduction in the number of courses taken this coming year. All of our teachers have had, or are taking Red Cross First Aid, Air Raid Warden, State Guard, or similar community protection work.

Otis R. Jason, of the Junior High School staff, has been granted a leave of absence for U. S. Army service, and Mr. Joseph O'Brien has been appointed to his place for the period of leave. Miss Aileen Lockhart, of the first grade, resigned in September to accept a position in Milton, and Miss Catherine Heaney succeeded her. Miss Ruth Jellison of Newburyport was appointed to fill the sixth grade vacancy, caused by the resignation of Miss Verda Dunn, who accepted a position in Hingham.

During the summer of 1941, the main hall of the Ripley Road School was entirely re-decorated. The teachers' room, principal's office, dentist's office, and kitchen were painted and varnished, and the Osgood School exterior was painted. The cost of this work ran well above the estimates made the previous Fall, upon which the repair budget was based. This necessitated transfers from other accounts, and made it necessary to forego the purchase of many supplies which could have been used to advantage. When, in December, the steel stacks within the chimneys of the Osgood

ANNUAL REPORT, TOWN OF COHASSET, 1941

School collapsed, due to corrosion, it was necessary to go to the Finance Committee for funds to meet this emergency, \$940.36 was transferred to the school account for this purpose.

You will observe, by glancing at the report of expenditures and receipts, that the increased business of the lunchroom has raised lunchroom costs. Receipts in this department, however, were greatly increased this past year. We are using a considerable quantity of surplus foods, issued to us by the Federal Government.

I thank the members of the school committee, the teachers, and all other employees for their cooperation.

Respectfully submitted,

JAMES W. DOYLE, Superintendent.

REPORT OF THE PRINCIPAL OF THE RIPLEY ROAD SCHOOL

Mr. James W. Doyle,
Superintendent of Schools.

Dear Sir:

During the past year, the plan of work at the Ripley Road School has progressed, as in previous years, with the same ultimate goal in mind—to equip the child with the fundamentals necessary to his success, and to provide experiences and activities which will give him contact with, and knowledge of, the world in which he lives.

In November, the School Committee voted to cut the noon recess to thirty minutes and to close school one-half hour earlier in the afternoon. This change has proven to be a wise one. During the cold months, especially, the pupils are satisfied with a short noon recess; in fact, they prefer it. After they have eaten their lunch and put on their wraps, only a short time remains for play, but it is long enough, as there are but a few outdoor games which interest children during the winter. When warm weather comes, and it takes much less time to dress for outdoors, they will have more and sufficient time for exercise and play at noon. We plan to have a play period after school hours during the spring months for pupils who wish to remain for supervised play.

The fact that another year has passed without a contagious disease disrupting our system is worthy of mention. We were threatened several times, but because of the alertness of our teachers to signs of illness, and to the careful check up made by Dr. Hinchliffe and Miss James, the prevalent disease was checked before it became wide spread. The teachers at the Ripley Road School are extremely pupil-health-conscious, and a child is excluded from the classroom immediately if he shows symptoms of illness. Parents have cooperated with this plan by keeping their children at home who have colds, and in this way, we believe, we have escaped epidemics which are common in primary and elementary schools.

Our testing program during the year included the Gates Silent Reading Tests, which were given to pupils entering the first grade in September.

The results of the Gates Tests increased our satisfaction with our reading system, which we have been using in grades one and two, and which was extended to the third grade in September.

The Intelligence Tests helped the first grade teachers to group their pupils according to mental ability, and they helped also to determine if and when a pupil is ready for reading. We plan to make this part of our testing a program a permanent one.

It has been the general tendency to spend more time, thought, and money on lower grade reading, and to think less about the importance of reading in the middle and upper grades. The actual teaching of reading has been left almost entirely to the lower grade teachers, and we believe that this is a serious mistake, as "Learning to read" is a continuous process and a definite plan should be provided to help pupils of the upper grades to meet new and expanded reading activities. A pupil who is unable to read material of his grade without difficulty becomes confused and dis-

ANNUAL REPORT, TOWN OF COHASSET, 1941

couraged. Reading gives him no pleasure, and studying is a burdensome task. We hope that we may soon add new and up-to-date books to our middle grade reading material, and we plan to make this subject more important in grades four, five, and six than it has been in the past.

That our teachers are making definite professional advancement, and are keeping abreast of the times educationally is indicated by the following list of courses which they have taken since February, 1941: Measurement of Intelligence, Teaching and Supervision of Functional Handwriting, Elementary School Problems, Remedial Arithmetic, Functional Arithmetic, The Teaching of Arithmetic, Psychology of the Individual Child, English Grammar, Shakespeare, Technique of Research, and Childrens' Literature.

In addition, all teachers are enrolled in the Red Cross First Aid Course, and several are studying and are active in other branches of Civilian Defense Work.

We are eager to study new methods so that we may use what is best of the new trends in our classroom teaching. We want, also, to learn all we possibly can about the things that will enable us to help our pupils continue their school life as happily, normally, and safely as possible during these uncertain days.

Respectfully submitted,

HELEN L. BROWN.

REPORT OF THE DIRECTOR OF BOYS' ATHLETICS

Mr. James W. Doyle,
Superintendent of Schools.

Dear Sir:

During 1941 the organized sports and faculty coaches were as follows:

High School Baseball—Mr. Ripley
High School Football—Mr. Collins and Mr. O'Brien
High School Track—Mr. Collins
Junior Baseball—Mr. O'Brien
Junior Football—Mr. Ripley

The numbers of boys participating on the various athletic squads increased an average of 18% over the previous year. The high school football team had an excellent record, winning five games out of seven played. The baseball team finished second in the South Shore League.

Due to a fine response by the townspeople to our sale of football "season tickets," the week-end trip to Nantucket High has proven a valuable contribution to athletic and school morale.

We plan to maintain our present program of Athletics, with the thought of encouraging physical fitness in accordance with national policy at this time.

Sincerely,

WILLIAM RIPLEY, JR.

REPORT OF THE SUPERVISOR OF PHYSICAL EDUCATION

Mr. James W. Doyle,
Superintendent of Schools,

Dear Sir:

I hereby submit my report on the Physical Education program for the past year.

At the Osgood School, the classes include fundamental and advanced gymnastics which are selected to correct posture defects, marching tactics, individual skills, games, folk dancing, badminton, soccer, tennis, softball and basketball.

After school activities consist of badminton tournaments, tennis, and intra-mural games in basketball and softball. The softball team played with Scituate, Hanover and Hingham, and the girls made a very good showing.

Our softball field is excellent, but our basketball hall, as it now stands, is a serious handicap to the girls in playing this game. The spirit and athletic ability of the players is excellent, and I feel that they should be rewarded with a regulation basketball court. The Ripley Road School hall, if properly equipped, could be used for this purpose. This hall also could be used by the boys, who have absolutely no athletic activities during the winter.

Physical Education at the elementary school consists of well-balanced exercises, games and skills, which develop co-ordination, suppleness of the body, courage, determination, fair play and team work. With the fine co-operation of the teachers, supervised posture work is carried on daily.

Each pupil has a posture test every two months, and the results are posted in the home rooms. Pins are awarded at the end of the year to children having very good posture. All pupils who have serious posture defects are placed in special classes, and receive individual attention.

The classroom teachers have been most helpful in carrying out this program, and I wish to express my thanks for their co-operation.

Respectfully submitted,

FLORENCE C. AYERS.

REPORT OF SUPERVISOR OF ART

Mr. James W. Doyle,
Superintendent of Schools,
Cohasset, Massachusetts,

Dear Sir:

The Art Department of the Cohasset Schools hereby submits its annual report. The schedule has remained the same, supervision in the first four grades and teaching in all other grades. Ninety-one High School

ANNUAL REPORT, TOWN OF COHASSET, 1941

students elected drawing in September, and twenty more have one period a week of mechanical drawing.

On June fifth, a primary art exhibit was held in the Ripley Road School and tea was served during the afternoon. In spite of very inclement weather the attendance was good. The fine spirit and excellent work of the teachers and of Miss Brown and Miss Mary Enos helped to make the affair a success, and their efforts are deeply appreciated.

At this particular time when the work in the Arts seems to me to take on new importance, may I quote a message which has a thought worthy of our consideration. "Two great powers are at work in our world today. Creative minds and hands are constantly building and improving the places in which we live. Destructive forces often carelessly or deliberately spoil the work of others. Each one of us has both of these forces within himself. We can create order and beauty in everything we touch, or we can destroy priceless things. It is easy and stupid to destroy. It gives no satisfaction and it lowers one's self-respect. To create, to invent new designs, to make good things, to arrange them in fine relations of line, shape, and color, this is Art. Even if we beautify only a corner of a room, a desk, a table, a little garden, or our own clothes, we add to the beauty of the world. We recommend this as a sure way of finding satisfaction. It is a generous act to create beauty." We are striving to do this, whether there be some talent, or none at all.

To you and to the members of the School Committee, I wish to express my thanks for helpful cooperation.

Respectfully submitted,

FLORENCE E. KRAUS.

January 1, 1942.

INDUSTRIAL ARTS DEPARTMENT

Mr. James W. Doyle,
Superintendent of Schools.

Dear Sir:

I submit to you herewith my report of the Industrial Arts Department for the year 1941.

The boys attending classes in the Industrial Arts shop may be broadly divided into three groups: namely, those preparing for college, those planning for a business career, and those looking forward to successful participation in industry. To make the course in shop work to be of real and lasting benefit to the individual boy of each group has been the aim throughout the year.

The boys destined for college and business may acquire some elementary knowledge of industry, cultivate some respect for honest toil, and lay the foundations for an enjoyable avocation. The boys of a mechanical mind may become skillful in tool manipulation and the construction of various kinds of furniture, as the shop is well equipped with both hand and power tools.

Instruction in woodworking and printing has been given the boys in grades seven to ten. A group of Seniors have had two periods a week

ANNUAL REPORT, TOWN OF COHASSET, 1941

in advanced printing. Another group of older boys from the Ripley Road School have had six periods a week of elementary woodworking. An exhibit of finished products will be held in the Spring.

Quotation from "Survey Graphic" magazine, November 1941. "Poor advance planning on the part of government agencies is one important reason why the production phase of the Defense Program is now choked with bottlenecks and confusion. Lack of planning is also reflected in the current employment scene, where harried employers clamor for non-existent skilled workers while long lines of skilled men wait outside their factory gates."

The great majority of "unskilled men waiting outside the factory gates" could be skilled mechanics today if Trade Schools had been available for them in past years. These men were the boys who left school from the seventh to the tenth grades because the schools did not provide for them the educations suited to their needs. They represent the unused potentialities of American genius and power. The maintenance of Trade Schools entails an increase in school appropriations, even with the State contributing one-half the funds. However, the cost of Trade Schools would seem negligible, to say the least, in comparison with costs we now face due to the frustrated effort in our "all-out" for defense, and the consequent delay of final victory because of the lack of available skilled labor. The war in which we are engaged is a battle of production, in which the skilled mechanic is the man of the hour.

For more than twenty years I have advocated the establishment of a Trade School for the boys of Cohasset and nearby towns. The present may be or may not be the proper time to provide such a school. I do hope, however, that parents and the general public will become sufficiently aroused to the reality of the situation and plan for Trade School education as soon as the present emergency will permit.

Respectfully submitted,

MAX H. MEYER.

REPORT OF THE HOME ECONOMICS DEPARTMENT

January 16, 1942.

Mr. James W. Doyle,
Superintendent of Schools,
Cohasset, Massachusetts.

Dear Sir:

There have been but few changes in the general program of the Home Economics department during the past year. The cooking course aims to give the girls a knowledge of foods and their uses which will help them to recognize and overcome their nutritional problems.

Last spring, we received some surplus commodity foods from the government. This fall the quota was increased and we are now able to offer the students more food for their money than was previously possible. At the present time, we are serving a complete lunch for ten

ANNUAL REPORT, TOWN OF COHASSET, 1941

cents; this includes a main dish and dessert with sometimes a vegetable added, sometimes a fruit juice. Soup, milk, salads and sandwiches may be purchased separately. The boys and girls have been quick to recognize the advantages of a hot lunch at noon, but there are still others whom we would like to see avail themselves of the opportunities which the school lunch rooms offer.

The Sewing course has been expanded to include Red Cross work, a service in which the students are especially interested this year. Several baby layettes, baby blankets, and children's dresses have been made. Considerable knitting has been done, including children's sweaters, children's suits, men's sleeveless sweaters, socks and beanies.

In closing, I wish to express my appreciation to you and the School Committee for your cooperation and helpful attitude toward this department.

Respectfully submitted,

HELEN C. WELCH.

REPORT OF SUPERVISOR OF MUSIC

Mr. James W. Doyle, Superintendent,
Cohasset School Department,
Cohasset, Massachusetts.

Dear Mr. Doyle:

My report for 1940 was a most comprehensive outline of the work in Music in our schools. I believe it will bear repeating for it covers the aims of music in all the important aspects.

GRADES 1-2-3

The first three grades constitute a period when every child is potentially a Lily Pons, Kreisler or Paderewski. It is assumed that each child possesses abundant talent worthy of development. This is the period of unfolding the native musical ability of each child. All children like to sing. It is a natural trait and during the early grades a whole-hearted response to music is evidenced.

GRADES 4-5-6

The above grades constitute the period of training, when music reading, music fundamentals, and the necessary technical requirements of time and pitch are taught and practiced. It is in general the period of music assimilation.

GRADES 7-8

The period of production. These grades should find every pupil well equipped to use all the training received during preceding grades. These two grades also constitute the most critical period in Music education. It is the time of changing voices, of influence from outside sources (radio, movies) and the period when the determining of inherent ability is complete.

ANNUAL REPORT, TOWN OF COHASSET, 1941

What is to determine the status of pupils at this period? Should they receive special help? Should they discontinue music? Has a pupil a keen sense or a poor sense of music? Has the pupil shown ability or not?

To meet the problems outlined above, I have adopted the Seashore tests which are given as a survey of progress and pupil ability.

HOW SPECIFIC MUSICAL TALENTS CAN BE MEASURED

Musical minds differ vastly in kind and degree of talent. Some of the fundamental talents can be measured scientifically before Musical education begins.

THE SEASHORE MEASURES OF MUSICAL TALENTS are based on a scientific analysis of musical hearing, appreciation and performance. They deal with basic elements which function in all music and are essential for hearing and learning of music. They are simple and economical in operation and fit naturally into the musical program. They aid in the discovery of talent and in an analysis of difficulties in training.

These Measures have been in use for twenty years, and there has been a steady growth in their recognition by musicians, educators, and scientists.

These tests have already proven their value in grades seven and eight. In general, the pupils in these grades rated well above average.

DIVISION OF PUPILS

Non-musical pupils need careful treatment. These pupils should not be entirely excluded from music, but in the music classes the non-musical pupil becomes musically discouraged or a disciplinary problem.

A solution to this situation is for non-musical pupils to drop further technical training and be given an opportunity to sing songs of the community song type in music assemblies. I consider the monthly assembly sing an essential part of music training.

HIGH SCHOOL

The period of achievement. The study and performance of a program of music each year. Familiarity with choral music of higher grade.

FOR HEARING BETTER MUSIC

I have purchased a portable phonograph and invite pupils to join me in listening to fine music. The response to date is most gratifying.

SUMMARY

We have splendid opportunities in music for all pupils "willing to receive it." Home recognition of the value of good music, and encouragement in the participation in school music are vital factors in pupil responsiveness.

For the cooperation of my fellow teachers I express sincere appreciation.

Respectfully submitted,

FREDERICK A. TAYLOR,
Supervisor of Music.

REPORT OF SCHOOL PHYSICIAN

Mr. James W. Doyle,
Superintendent of Schools.

Dear Sir:

The health of the school during the school year 1941-42 has been very good, with contagious diseases continuing at a minimum. The pupils of the Ripley Road and the Osgood Schools have undergone a modified physical examination, defects noted, and parents notified of remedial defects.

A most marked improvement has been noticed in the posture of the pupils as a whole.

Respectfully submitted,

FREDERICK HINCHLIFFE, M.D.,
School Physician.

REPORT OF SCHOOL NURSE

Mr. James W. Doyle,
Superintendent of Schools,
Cohasset, Massachusetts.

Number of Pupils taken home during school hours for illness or accident	64
Number of Home visits pertaining to absence and Health of pupils	63
Number of pupils taken to office of School or Family Physician	9
Number of Home visits for Family History of pupils examined by psychiatrist	12
Transported pupils to Legion Hall for Innoculations to prevent against Diphtheria, four (4) Clinic days.	
Number of Home visits to parents regarding pupils for Pre-school Clinic	38
Number of "Follow Up" visits on notices sent parents by School Physician	25
Number of pupils given Tuberculin Test—Grades 9 and 11	41
Number of pupils reacting to Test	4
Number of pupils X-rayed	4
Number of Teachers X-rayed	9
Number of Active Cases of Tuberculosis	0

ANNUAL REPORT, TOWN OF COHASSET, 1941

A Pre-School Clinic was held on May 13, 1941. Twenty-six children attended. A physical examination was made by Dr. Hinchliffe, and a Dental examination by Dr. Mulcahy; recommendations were made to the parents at this time. A Nutritionist from the State Department was also present and interviewed the Mothers.

The Attendance at the Ripley School has been especially good this past year. We have had very few contagious diseases, one case of Scarlet Fever and a few cases of Whooping Cough.

Each pupil has received a physical examination by the School Physician and notices of any defects have been sent to the parents recommending care by Family Physician or Occulist.

The Dental Clinic is held two (2) days each week.

Pupils recommended for corrective exercises last year have shown improvement in Posture.

The pupils at the Ripley School are weighed and their height measured three times during the school year; at the Osgood School, twice each year. The height and weight are recorded on each child's Physical Record card and also on the Report Card.

The teachers of both schools are most co-operative and helpful in every part of the Health Program.

Respectfully submitted,

FANNY E. JAMES,
School Nurse.
